State Senator Liz Krueger (D, WF) shared, "Gun violence continues to be a scourge in communities across our country, tearing apart lives and causing tragedy for countless American families. It's long past time that we passed commonsense legislation to address all the factors that contribute to gun violence. Thank you to all those organizing and participating across the country. When we raise our voices together, we can make a difference."

The first "Concert Across America to End Gun Violence" in September of 2016 featured 350 events across the country, with more than 5,200 artists performing for a day of music.

About Concert Across America *The Concert Across America will take place on Sept. 24, the day before the date designated by Congress in 2007 as a day of remembrance for murder victims. This nationwide event will bring together a network of organizations, activists and artists with the dual goals of keeping guns out of dangerous hands and making the issue of illegal guns top of mind for members of Congress, the President and potential challengers, and the American people as they remained energized ahead of the 2018 and 2020 elections. In addition to grassroots concerts, a national sing-a-long, spearheaded by [Stop Handgun Violence](#) in Boston, will take place in more than a hundred locations. More info at www.concertacrossamerica.org.*
